

PROMO ALERT: NEXSAN STORAGE REFRESH REBATE PROGRAM

NEXSAN
Storage That Powers Your Business

Promo Code: BEP-SepDec2023-EMEA

Begins 1 September, 2023

Ends 31 December, 2023

GET £/€/ \$ 50 PER TB REBATE ON EVERY BLADE, BOY, ATABEAST, SATABEAST, BEAST OR E-SERIES SYSTEM RETURNED TO NEXSAN WHEN A NEW BEAST OR E-SERIES IS PURCHASED

Trade in your old qualifying system for a rebate of up to £/€/ \$ 50 per raw TB against the purchase of a new BEAST or E-Series. You will receive a refund per TB of raw capacity for legacy Nexsan storage hardware when purchasing a new qualifying Nexsan system.

We Recycle

Nexsan is committed to recycling equipment as much as possible, reducing the environmental impact of disposal. Where possible and appropriate, Nexsan will responsibly dispose of unusable items with the least detrimental environmental impact possible. This is an excellent opportunity for previous Nexsan customers to get value out of old equipment that may not even be in use while disposing responsibly and bringing in new, innovative solutions at lower costs.

How it Works:

- Submit a Deal Registration for the system you want to trade-in with a completed Nexsan Storage Refresh Rebate Claim Form.
- No age limit on qualifying Nexsan systems – trade in that ATABEAST in your back room!
- Trade-in credits accepted on a 1:1 ratio: one system returned for a new system purchased, with rebate calculated per raw TB in the returned system.
- Upon Deal Registration and Rebate approval, purchase a new qualifying BEAST or E-Series system.
- Upon receipt of the new system (typically 4 to 6 weeks from receipt of order to dispatch), wipe all data and return the old system with the packaging and return label provided within 90 days.
- Replacement order must be placed by 31 December, 2023.

Eligible Products:

- Any Nexsan Blade, ATABoy, SATABoy, SATABeast, BEAST or E-Series of any vintage may qualify.
- Nexsan products only with Nexsan certified drives.

Now for the small print:

- Rebate amount may be affected or may not apply if special discount pricing is offered, confirmed in advance.
- Access the [Nexsan Storage Refresh Rebate Claim Form](#) here. Nexsan will review and confirm acceptance and the trade-in amount in writing.
- Nexsan will review application and confirm acceptance and rebate amount – a valid deal registration is required.
- New system orders must be received by 31 December, 2023 to qualify for the rebate.
- Trade-in system **wiped of data** must be returned to Nexsan within 90 days of receipt of the new system. Once trade-in system is received back at Nexsan, credit will be issued / applied.
- Rebate currency applied will be the same as currency used for the purchase.
- Nexsan reserves the right to adjust or cancel this program at any time.

Example:

- Customer has a 24TB SATABEAST to trade-in for rebate.
- Step 1: Fill out the [Nexsan Storage Refresh Rebate Claim Form](#) and submit to rebate@nexsan.com.
- Step 2: Nexsan confirms in writing approval of participation and rebate amount of £/€/ \$ 50 per TB for a total of £/€/ \$ 1200 in this case.
- Step 3: Customer orders new BEAST or E-Series system prior to 31 December, 2023.
- Step 4: Customer wipes the SATABEAST of data, and upon receipt of the new system, within 90 days, packages up the SATABEAST using packaging material and pre-paid label provided by Nexsan and ships accordingly.
- Step 5: Nexsan will issue a credit to the Nexsan Partner.
